## Parental Consent to Participate in Activities

We require evidence that children & young people have parental consent to undertake the Beaudesert instructor led activities. For you to demonstrate this, please provide the Activity Consent Forms on arrival to reception, or if you wish you can email them before you stay. We will store the forms electronically.

For groups taking part in Air Rifles we require a further parental consent form to be completed. Please ask for this form.

## Medical Conditions and Additional Needs

We are required to have an effective system for collecting information about medical conditions & injuries. This information will be used by appropriate people in Beaudesert including the Instructors to guide operational practice.

We require from you information about the Medical Conditions and Additional Needs of all participants.

We do this by asking you to complete the 'Participant List and Group Medical Form' and if required the 'Medical and Additional Needs Form'. Please provide reception with these forms on arrival to reception, or if you wish you can email them before you stay. We will store the forms electronically.

**The 'Medical and Additional Needs Form' must be provided 2 weeks before hand to guide our operation and make reasonable adjustments to the activity.**
