

# Friends of Beaudesert

Supporting the future of Beaudesert Outdoor Activity Centre

The **Friends of Beau** are a network of volunteers and supporters interested in the past, present and future of Beaudesert Outdoor Activity Centre. Please join and help us deliver fun, activity and adventure for young people.

## Friends of Beau and our development plan

The Friends of Beau is free to join so that we can gather a full support network of all ages and backgrounds interested in helping Beau now and for the future.

As a Friend of Beau, you will receive a quarterly newsletter, and be invited to some events throughout the year. A chance to come back to Beau, see what we are doing, and meet old friends.

Beau is a wonderful campsite, enjoyed by young people for 80 years since 1938. We have 50,000 visitors a year and are enjoyed by Scouts and Guides, and a wide variety of other youth organisations. Our staff and volunteers provide an exciting array of activities providing fun and adventure for all our young visitors.

We have been investing in our site for many years now, repairing roadways and building new activities and buildings – but there is still much to do. We have now launched a development plan for Beaudesert to build on the successes of the past and provide facilities for the future. One of our first investments will be a new climbing tower to replace the old one at the back of the Cal Day Centre.

Please join us by either emailing us your details as laid out here to [fob@beaudesert.org.uk](mailto:fob@beaudesert.org.uk), or filling in and returning this leaflet:
